

PediaTrust Visitation Policy

In accordance with Act No.367, our visitation policy guidelines are as follows; relative to minimum standards of visitation policies at certain healthcare facilities; to require in-person visitation under certain circumstances; to provide minimum requirements for in-person visits; to establish minimum visitation hours; to require the provision of visitation policy information with applications for licensure, renewal of licensure, or change of ownership; to require publication of visitation policies; and to provide for related matters.

- Visiting Hours 11:00am - 1:00pm
- Location of visit will be in a designated room based on availability.
- Any visitors who have been exposed to an illness in the last three weeks or have a fever, cough, runny nose, sore throat or other symptoms of illness are asked **not** to enter the center due to the immunocompromised children we care for.
- All visitors are required to be on a list provided by a parent or guardian.
- All visitors are required to call ahead, check in with a government-issued photo ID
- Smoking, alcohol, firearms or other weapons are **not** allowed anywhere on the premise.
- Visitors who refuse to follow PediaTrust's policies or behave in a disruptive manner will be asked to leave and will not be allowed to return.
